#### Trim Notes :

All Made Goods Upholstery has a standard of double welting. In some instances double welting does not work due to thickness, type of fabric, etc. It is at the discretion of the Made Goods Upholstery team to use their best judgement on welting style.

Made Goods does not assume responsibility for lost fabric and does not offer any warranty explicit or implied for customer's own material (there is no fabric warranty with COM orders). COM orders may not be canceled once fabric has been received. Cutting Instructions: Unless otherwise specified, Made Goods will apply COM/COL using our standards. We reserve the right to determine the face, side, top and bottom of the design unless otherwise stated. COM received without this form will be applied at Made Goods' discretion.
